Welcome to Hospitality Kicks, where passion meets purpose!

Now in its third year, Hospitality Kicks is back!

We have raised over £50,000 for hospitality charities and we've brought together hundreds of hospitality professionals for a friendly (but competitive!) football tournament.

Founded by Wireless Social and now provided by Access Hospitality, it's more than just a game; it's testament to the power of community and camaraderie within the hospitality industry.

We want to build on the existing success of Hospitality Kicks by bringing you something even bigger this year. If you've already submitted your team but fancy doing more, why not become one of our incredible partners?

We'd love to have you onboard.

Let's ensure that every kick counts towards making a difference together!

A DAY OF FREE-KICKS, FUNDRAISING AND NO DOUBT, FIERCE RIVALRY.
